

Krista Kirby watches as Kip McGillivray checks the wet insulation for mold.

Krista's Home

When Kip McGillivray checked Krista Kirby's trailer home, he explained that the black in the insulation was caused by exposure and not mold. She did have mold elsewhere caused by the extremely damp atmosphere. Kip took time to teach her how to try to dry out the soggy insulation without getting mold started in it.

He also tested the exposed wood noting how wet it was. Thanks, Kip for checking it out.

Board members at April's meeting discuss how to help Krista. If you can help, please call Ellie at 783-1804.

He has made everything beautiful in its time. Also He has put eternity in their hearts, except that no one can find out the work that God does from beginning to end. I know that nothing is better for them than to rejoice, and to do good in their lives, and also that every man should eat and drink and enjoy the good of all his labor—it is the gift of God.

Ecclesiastes 3:11-1

Creating a Game Plan

On Friday, April 21, a group of interested construction helpers came to John "Boy's" house in Osburn to make an agenda for completing its renovation in July.

A short list includes:

- Install house numbers.
- Install smoke detectors in the bedroom and living room.
- Install carbon monoxide detectors, also.
- Insure we have a working bathroom with a door.
- Insure that all systems in the kitchen are working.
- Install GFI outlets in the kitchen, bathroom, and laundry room.
- Run the electrical line to the garage.
- Have the electrical system inspected.
- Have the gas line inspected with connections to the new furnace, etc.
- Install adequate windows to meet the code.
- Install the front door donated by Shoshone Glass.
- Fix the insulation and wallboard around the windows.
- Repair any holes in the wallboard after the electrical system is approved.
- Finish the flooring.
- Finish installing insulation and sheetrock in the laundry room
- Install adequate insulation in the attic
- Install heater vent covers in ceilings for furnace duct work.
- Scrape or sand interior walls & paint.
- Repair rotted exterior board in outer walls, scrape and paint.
- *Say a prayer that this will all come to be on time.*

Construction Assessment at the Osburn House (John Boy's)

Randall Rosson checks the availability of circuits in the box after eliminating the need for electrical connections for the newer gas appliances. *Photos by Judy*

Nice to see the camaraderie among these construction volunteers, Rick Wood, Verne Blalack, Rick Gilbert, and Trisha Waldo. Note the need to scrape & paint the walls.

Randall Rosson and Rick Gilbert evaluate the need to replace plumbing under the kitchen sink.

Trisha Waldo visits with Colleen Rosson. Colleen serves as John Boy's Fuller Center Sponsor.

April 2016 – Laundry Room

John Boy greets Trisha Waldo. Trisha volunteered last fall to help paint John Boy's house. She would like to work with a painter who has a paint sprayer and she is willing to teach a team of volunteers how to paint.

This is a photo from April last year of Verne & Clint Kunze. We have come a long way, but we still have much to do.

Chase Watson from the Shoshone News Press drops in while we are doing the April newsletter mailing workshop. Our most senior volunteer, Ruby Hill, enjoys teaching him the process of inserting the return envelope, attaching the stickers along the sides and then applying the address labels.

It took 3 men to verify that the water meter existed in John Boy's front yard. ☺

Some of those interested in finishing restoring John Boy's house take a moment to visit before leaving. Shown here are Rick Gilbert, Trisha Waldo, John Boy Delaney, Colleen Rosson and Shannon Wood.

At a lunch meeting at the Rusty Cup, members of the Ministerial Society accepted a thank you certificate for their help in obtaining the house in Osburn for John Delaney. Pictured are Gene Jacobs, Cody Karst, Scott Ross, Bill Howard, and Corey Berti.

Our son, George, holds a sign saying the "Taxes Are Done!!!" Verne has been struggling with these 990 taxes for months. Thanks, George, for all your help.
